ABOUT ME

Nationality: Zimbabwean

Race: African

Names: Tafadzwa Alexander

Passport Number: FN354857

Gender: Male

Surname: Razaro

Languages: Shona
English

Religion: Christian

Other Self Given Names: NerdCoder
2ONE
ERTA
iSAD
Ert Earth

EXPERIENCE

2023 - Present

Software Developer
Self Employed & Taught - Online

"I started my journey in app development with Swift, which inspired the name iSAD. My fascination with Apple led me to learn their programming language and develop apps for their ecosystem. Now, I've expanded to creating cross-platform apps using Dart. Currently, I have four apps live on the App Store, and I'm excited to soon launch my first app on the Play Store. All my source code is available on GitHub for review as I continue to grow and improve in this field.

2021 - Present

Illustrator
Self Employed & Taught - Online

Driven by my love for animation and illustration, I was inspired to start creating my own. I've worked on numerous illustrations, including recreations of styles from Cartoon Network, Disney, DC, and Marvel. You can find my work on Facebook, Instagram, LinkedIn, Behance, and Twitter (X), all available for review.

2021 - Present

Graphic Designer
Nzotho FET College - South Africa

Worked as a Graphic Design for Nzotho FET College, responsible for all the college's posters, flyers, brochures and yearly prospectus. I also ventured into offering free Graphic Designing classes to the students. For all the time I have worked at the college, all the graphic designs done for them I available upon request or need to review my work with them.

2021 - Present

Digital Marketeter
Nzotho FET College - South Africa

I was handed the responsibility to market the college on all social platforms and also was responsible for monitoring the college website, making sure that the student portal was user friendly to both new and old students. Created adverts to market and expose the college name to all social media users, FaceBook and WhatsApp at most.

2021 - Present

Engineering Senior Lecturer
Nzotho FET College - South Africa

Academically I was teaching Engineering Mathematics, Engineering Science, Engineering Physics, Chemistry, Physical Science, Life Sciences / Biology, Chemical Plant Operations and Waste Water Treatment.

2019 - 2021

Graphic Designer
Thekwini City College - South Africa

At Thekwini City College is where my journey as a Graphic Designer started, I was given tasks to design posters and flyers for all upcoming events and was even privileged enough to design the First Graduation Program Brochure. This was also the institution I did my studies at and graduated from.

2019 - 2021

Intern Engineering Lecturer
Thekwini City College - South Africa

As I was excelling in my studies, Engineering Mathematics to be specific, I volunteered whilst a student to teach this module. Fortunately my former Lecturer had resigned, so I was gladly given the opportunity. I ended up teaching the courses like Chemical Engineering and Electrical Engineering, teaching modules: Engineering Mathematics, Engineering Science, Chemistry, Engineering Physics, Chemical Plant Operations, Digital Electronics, Logic Systems, Communication Electronics, Electrical Trade Theory and Industrial Electronics.

2018 - Present

Graphic Designer
Self Employed & Taught - Online

I started from self taught and designing personal designs to lure clients with my posts. Began have many people requesting for my services until I fully ventured full time into providing these service, Happy Trails Adventures and Rethas Delights were my regular clients.
